STORE SAFELY

Leftovers can be a delicious treat, but it's important to store them properly to avoid contamination. Refrigerate perishable food within two hours, taking care not to over-pack the fridge; cool air should circulate around containers to keep food safe.

Lids and containers sold separately.

Nest when stored to save space.

Lids and containers sold separately.

Nest when stored to save space.

• Requires additional delivery time; limited availability.

SCALES • STORAGE CONTAINERS

A Food/Tote Boxes High-quality, stain- and break- resistant construction ensures secure storage. Convenient date-control panel simplifies monitoring foodstuffs' edibility. Standard sizing enables use with existing storage racks, carts, counters, etc.
